Matters of Interest About The New Line Down Big Sandy.

The first contract for the construction of the new extension of the Norfolk & Western up Big Sandy river, was awarded at Kenova Thursday. The contract was secured by K. C. Carpenter, of East Radford Va. It calls for the construction of eighteen miles on the Kenova end, and ten miles on the other end of the line. Work will be begun in a short time and will be rushed.
Pat. J. Millet, a wealthy contractor who built a portion of the Twelve Pole line several years ago has taken the contract to build the only tunnel on the new line, and a few miles of road adjacent to it. This tunnel is between here and Naugatuck and is at a point where the river makes a very sharp bend. To follow the river would necessitate making a twelve-degree curve, while the maximum allowed by the chief engineer is six degrees—and there will be only two of these on the line. A short tunnel at the point referred to gives the road a straight course and saves a considerable distance. Mr. Millet is building camps and will have the work going on within a few days.
Contracts for all the grading except the Cassville section are said to have been closed within the past few days. Two routes are under advisement on this section and some important right-of-way matters are still unsettled.
Hon. L. E. Johnson, vice-president of the Norfolk & Western system, W. W. Coe, chief engineer, and Hon. John H. Holt, of Huntington, left Kenova Friday for a trip along the Big Sandy in a buggy. A meeting of the town council of Cassville had been arranged so that these gentlemen could be present. After hearing Mr. Holt on the subject of granting the concessions necessary for the road to build through the town, the council took very liberal action in the matter. The three gentlemen proceeded on their way to Naugatuck the next morning. The object of the trip was to make some final settlements with people along the route whose properties have been condemned, and it may be that in a few instances the line already run may be changed slightly. When the party reached Naugatuck a special car was in waiting to convey them.
In Cassville the line first located was changed so as to avoid the removal of so many houses, which was about to prove a very expensive proposition. One man who owned property that cost him \$100 was finally offered \$2,000 for 80 feet through where the house stood. He insisted upon having \$3,000, and now that the line has been changed so as to miss his property entirely, he is a very "sick" man, and the value has collapsed. There are many interesting cases along the route.

Blue Hawk.
Two things in treatment of nasal catarrh are now fully understood. First, the drying process is a delusion that produces more mischief than benefit. Second, science, common sense and experience proclaim Ely's Cream Balm to be instant relief, and final, certain cure. It cleanses the diseased membrane and never makes the patient sneeze. Price 50 cents. Sold by druggists and by Ely Brothers, 36 Warren Street, New York.

WINIFRED.
This morning two of our best and brightest young men, D. P. Ross and W. F. Diamond, start to try their fortunes in the far west. May they be successful in their undertaking.
The school at Beech Branch is progressing nicely, having been in session two weeks. We learn from the teacher that there is one more enrolled than was reported by the trustees, and nearly one hundred per cent in attendance. Who can beat this? Visa Fannin is the teacher.
Saturday H. Daniel preached at the Baptist church in Flat Gap and Sunday Rev. C. Harrison preached an able sermon at the same place. Rev. Harrison has been a resident of Pike county some years, but recently came into our midst and we learn he will stay here some time.
We are glad to know that F. A. Hopkins was nominated for Congress for we believe him to be an efficient man and well qualified for the office. He is a man we learn who does not use intoxicating drink. This is one of the reasons we are for him. For hundreds of good men have been entirely ruined by the use of intoxicants, ruined here and lost eternally. Will you, through your columns, aid the cause of temperance? If so let the friends of temperance write now and then a short and spicy article on this subject. The use of strong drink has ruined more men, caused more trouble and blighted more homes than anything else almost, yet we know of church members who will drink their dram and give it to their children and friends. I appeal to all good people to stop and think before they ruin many more young men. Remember that Habakkuk says: "Woe is he that gives his neighbor to drink."
B. F. Conley, of Mouth of Greasy, has moved to Flat Gap, and is teaching school there. Scribo.

PRESTONBURG.
The Republican Convention was held in this county Saturday August 9th. Mr. C. S. Ferguson, of this place, received instruction for Congress, W. M. Dingus received the nomination for Commonwealth's attorney. Every thing passed off quietly for convention day.
School is progressing fairly well considering the hot weather. There is a good attendance and everybody seems to be rested in the work.
Prof. W. J. Byington and E. M. Kennison will begin soon to erect a school building here. When the building is completed there will be one of the best schools at this place in the eastern part of the state. The building will be made to accommodate all that may wish to attend and there will be the very best of teachers that can be had to take charge of the school.
The corn crops in this section have been damaged a great deal during the last two weeks on account of dry weather; but there was a good rain Sunday evening.
A large party of our young folks visited East Point Sunday, and all had a good time. The consequence was the destruction of water melon crops about East Point.
Peter Snodgrass.

WARFIELD.
Our town is exceptionally quiet except for sounds of the hammers in erecting and repairing houses.
Albert Kirks new residence will be completed in about one week.
J. D. Barret is repairing his porch while his wife and children are on a visit down the river to the Ohio River towns generally. His little girl, Irma, has just recovered from a spell of typhoid fever.
All the sick in and around town are improving.
The Democratic primary election just across the river in W. Va., passed off quietly on Marrowbone Monday.
Jake Cassidy stabbed Joseph James, Ex-Sheriff of Martin county on Black Log Creek near here last Saturday. A rib saved the thrust from ending James.
Doc Vinson is just on the outskirts of town now with his team from Black Log Creek and across the Buck Creek gap. It is a well constructed piece of work, especially on the Buck Creek side and has spread a deal of money in the county in its construction. Everybody likes Doc. He is contracting to deliver a large amount of black Log timber to the Iron-ton Lumber Company. Success to him.
Democrats here are jubilant over the nomination of Frank Hopkins for Congress. Success to him. A better choice could not have been made.

PIKEVILLE.
Last Friday Prof. T. J. Coats closed the most successful Teachers' Institute ever held in Pikeville. This was his third Institute here and each one has been an improvement over the preceding.
Supt. L. J. Williamson showed skilled executive ability in his excellent control of the Institute.
Prof. Libarger, of Pennsylvania, who had been engaged in school work in his own state, but who is now connected with the Northern Coal & Coke Company, joined in with the teachers in their night sessions and added much to the life and interest of the work of the County Teacher's Association.

\$11,000 CASH
Will be Yours if You Estimate Nearest the Vote of Three States.
OPEN TO OUR SUBSCRIBERS.

As already announced, the BIG SANDY NEWS has arranged for its subscribers to take part in a contest in which \$25,000 is to be paid to those who make the nearest correct estimates as to what the total vote of New York, Pennsylvania and Michigan will be in the races for Governor next November. Read our big advertisement and find out all about the plan. The vote of these states for several years past is given therein, so that all may be saved the trouble of looking the matter up.
SPECIAL OFFER.
It was originally our intention to allow an estimate only with each dollar paid on advance subscription, but we have now decided to allow an estimate with each \$2.00 paid on back subscription before Sep. 1st. Also, every subscriber who pays up or ahead and procures one or more estimates with same, may enter as many additional estimates as he desires at the rate of 50 cents for one estimate, or \$1.00 for three.
Numbers on our premium offer which has been standing for some time will not be given with any payment that is accompanied by an estimate.
It is costing the News no small amount to furnish its subscribers with this great privilege and the terms prescribed will not be varied from in the least for any one.
The earlier your estimates are in the greater the prize will be if you are the nearest estimator.

Just Across the River
In West Virginia.

Wednesday evening, of last week at Nolan, W. Va., Jack Brewster shot J. T. Harris, of Kenova, a fireman on the N. & W. Railroad, while his train was passing. Brewster mistook Harris for another man who had run off with his wife. Harris was not seriously hurt. Brewster is under arrest.

Up at Matewan, W. Va., George Duncan, the town marshal, shot Ira S. Coleman, a merchant of Wyoming, W. Va., four times through the body. He cannot live. Duncan escaped to the mountains in Kentucky. The shooting is supposed to have been for revenge, because Duncan was whipped by Coleman in a fight at Wyoming recently.

Letters received from Manila, Philippine Islands, bring tidings of the marriage of Miss Grace Peterson, daughter of Major and Mrs. James J. Peterson, to Mr. Will A. Reed, Chief Clerk of the Bureau of Non-Christian Tribes, under the Philippine Government. The wedding took place on the 2d of July at Manila, Rev. Mr. Brown, of the Methodist Episcopal Church, officiating. Major Peterson was formerly editor of the Huntington Herald.

About six o'clock Monday morning a bad collision occurred on the N. & W. railroad between the Columbia and Genoa stations, 25 miles east of Kenova.

Lewis Litteral and Fisher Ferguson were killed, and Guy Osborn, Ollie Both, and engineer Rice were badly injured.

It was a head-end collision between two freight trains, and such a mass of wreckage was piled up on the track that the work of clearing it away required days.
Litteral was a fireman on duty on one of the engines. Ferguson was not an employee of the road, but was taking a ride on the train. His home was at Wayne W. Va.
Osborn was an engineer and Both a brakeman. Jas. Anderson a fireman, jumped from his engine and escaped injury.
The injured men were taken to Kenova and are being cared for at the Y. M. C. A. building.

Miss Martha, youngest daughter
of L. P. Watson, formerly of Webb-
ville, died at Ashland last Sat-
urday night, of consumption. Dr. M.
G. Watson, who is a brother of the
deceased, was present when she
died, but his wife was not able to
go down. The following is taken
from the account published in the
Ashland Daily Independent:

Miss Watson had been ill but a
short time with consumption, but
her death was not unexpected; yet
it came with a great shock to her
devoted parents and that entire
family.

She was but 16 years of age, and
it seems doubly sad for one so
young, bright and promising to be
cut off just in the bloom of woman-
hood. Her life was indeed beauti-
ful, and her character was that of a
sweet Christian girl. Some time
ago she gave her heart to God, unit-
ing with the Baptist Church.

SERIOUSLY HURT.

Ezekiel Wilson, of this place,
met with a very serious accident
last Saturday while at work about
a mile above the mouth of Georges
creek. He is a stonecutter and
was employed by the contractors
who are building culverts and fill-
ing the trestles on the Big Sandy
division. He had been at work
on top of a derrick, and in attempt-
ing to come down on a rope "hand
over hand," he lost his grip and
fell to a platform built around the
derrick. His right thigh was broken,
his heel crushed, and the ankle
badly injured. The fracture is a
compound wound and the large
bone is broken obliquely, making
a very ugly injury. He was brought
home the same afternoon and is
under the treatment of Drs. York
and Bromley. His condition is re-
ported to be as good as could be
hoped for.

NOTICE.

of the state in the order are here.
There are Lefebvre, Matti Foster,
Chapman Enyart, Stewart, Hicks,
Conley, Wood, Shay, Webb, Wat-
son, Thompson, Walsh and others
too numerous to mention, (and the
old, yet up-to-date clown) J. J.
Mann of Fallsburg. A live session
is being held. Reports of officers
show a marked improvement in
the order throughout the state dur-
ing the year and much credit is
due the "tried and true" friend of
the order, G. W. Enyart, of Can-
nonsburg, for his efforts as Grand
Chief of the order in the State dur-
ing the past year. The session
opened Tuesday morning at 10
o'clock sharp, with G. W. Enyart
in the chair. During the day the
time was given mostly to the Com-
mittee on Credentials, G. B. Car-
ter, G. W. Chapman and L. W.
Wood, which reported on Wednes-
day at 8:30 a. m.

On Wednesday an up-to-date
banquet was given by Charity Cas-
tle No. 17, which was 1st class in
every particular. The address of
welcome was delivered by the Rev.
R. B. Neal, who is known by many
Louisa people, and the effort was
a masterly one. During his talk
divine inspiration seemed to seize
him, and at its close everybody
was compelled to applaud. The
response was given on behalf of
the order, by past Grand Chief G.
W. Chapman, which was also one
of the best efforts ever put forth.
Other lesser lights gave interest-
ing toasts, and upon the whole day
was full of interest. The ladies of
the town manifested much interest
in the pleasure of the day, and
much credit is due them for their
efforts on behalf of the order.

The business proper of the or-
der is now on and smooth sailing
is the order of the day. No tem-
pest has arisen as yet to disturb
the surface.

The able legislators of the order
are doing some active service and
some useful and important laws
are being enacted.

In Grayson we find no exception
to the general rule of "Big Sandy
Leading the world," for we find
Wm. Cooksey, of Fallsburg, as the
leading merchant, and Dr. G. B.
O'Rourke as the leading physician
of the entire county, and we are
justly proud of the boys from Big
Sandy. We also find F. F. Dobbins
of Gallup here, as an enterprising
youth, who is now aspiring to the
position of Cashier in the new bank,
being organized with W. M. Cook-
sey the moving central figure in
the enterprise. Again Big Sandy
is in the lead.

Many stock farms surround this
town, the Hoard Brothers, the Ru-
pert Brothers and Wilhoits lead-
ing in that line. An Ohio dealer
was here last week and bought two
hundred head of fine cattle, for
the Eastern Market, for which he
paid good prices.

Politically, Carter county is
largely Republican, but the pros-
pects are exceedingly bright for a
greatly reduced vote this fall in
their ranks on the account of the
very great popularity of the Hon.
J. N. Kehoe, the Democratic candi-
date for Congress, who will
sweep things here almost like a
new broom. The Grayson Herald
is doing its part toward securing
the success of the Democratic
party.

We have two Republican papers
that are not so very hostile toward
Kehoe, we are glad to say.

Mrs. Wm. Cooksey has returned
from an extended to friends up the
river.

Miss Nellie Drake, one of the
most accomplished musicians in
North Eastern Ky., has gone for
an extended visit to friends, at
Paris, Lexington, Frankfort and
Louisville.

Attorney has returned
from a visit to Elliott
Kin Bess.

ANOTHER RAILROAD.

Incorporation Articles Filed at
Frankfort for Another
Big Sandy Line.

Frankfort, Ky., Aug. 4.—The San-
dy Valley and Elkhorn Railway
Company, of Kenton county, with
\$50,000 capital stock, filed articles
of incorporation in the offices of
the Secretary of State and State
Railroad Commissioner today. The
company will build and operate a
line of railroad from a point on the
south bank of the Ohio river, in
the State of Kentucky, opposite
Ironton, O., in Greenup or Boyd
counties, thence in a southerly di-
rection by the most practicable
route to or in the vicinity of Pound
Gap at or near the head of Elkhorn
creek, in Letcher county; to be
constructed in, or adjacent to the
valley of the Big Sandy river and
Levisa fork thereof, and in and
through the counties of Greenup,
Boyd, Lawrence, Johnson, Floyd,
Pike and Letcher. The total
length of the main line is to be 160
miles.

The incorporators of the company
are Levi C. Goodale and F. L.
Hoffman, of Cincinnati; Frank
Sullivan, of Covington; Jacob H.
Bromwell, of Wyoming, O., and
John F. Hager, of Ashland. The
life of the corporation begins im-
mediately. Its chief office is to be
located at Covington.

Wanted.

Say 5000 acres coking coal lands
conveniently located for transpor-
tation to Columbus, Ohio. State
rock bottom cash price and descrip-
tion in detail. Lock box 751, Co-
lumbus, Ohio.

C. & O. WORK.

The work of grading the exten-
sion of the Big Sandy division is
going along at a lively rate at
Whitehouse and all along for sev-
eral miles beyond. Also, in Pike
county near the "Breakers," much
work is being done. Sub-contract-
ors on various sections are pre-
paring to go to work, and the en-
tire route should be alive very soon
with teams and men.

There is some mysterious sur-
veying going on up and down the
Valley. If appearances count for
anything we shall have railroads
running in all directions before
many years. A large corps has
been at work for some time along
the Kentucky side of Tug, but it
cannot be learned what road they
are employed by.

Among the most important of
the probable changes in the pres-
ent line of the Big Sandy division
of the railroad, of which a survey
is being made, is three miles above
Louisa, where the bridge crosses
the river. The contemplated
change, if adopted, would move
the bridge a mile or two further
up the river. This would cut out
a sharp curve and do away with
the tunnel.

Crossties Wanted.

50,000 standard crossties, white
oak and chestnut oak, f. o. b. any
station on Big Sandy division of
C. & O. Railroad. Price 26c and
41c. Cash paid when inspected
and loaded. For further particu-
lars apply to J. W. Perry, agent,
Peach Orchard, Ky. (11-13.)

To Sunday School Workers.

Ohio, Illinois, Indiana, three
States immediately North of us
have an attendance of from 1,000
to 2,000 delegates at their State
Conventions. Kentucky has never
had as many as 500. Why is
this? Is it a lack of interest, or
is it lack of information as to the
real value of these conventions?
Here is another fact in those States:
The enrollment in each school, on
an average, is equal to or a little
above the church membership. In
Kentucky the average is little if
any above half of this. Still an-
other fact: In those States about
one-half of all white Protestant
children of school age are enrolled
in the Sunday School. In Ken-
tucky only about one-fifth of these
are enrolled. These are facts that
should give us the deepest concern.
In those States every county is or-
ganized, and the State Association
is looked upon by all denomina-
tions as one of the most important
factors in Sunday school progress,
and it is given their hearty sup-
port. In Kentucky we have about
25 strong, 45 good, 25 weak and 29
nominal organizations. Isn't it
time Kentucky was availing itself
of this strong organization? We
are to discuss at Hopkinsville ev-
ery phase of Sunday school work,
and in the light of these facts, lay
plans for future work. Will not
every Sunday school in the State
send at least one representative to
Hopkinsville to help us solve the
tremendous problem of bringing
into the Sunday school, to Christ,
and into the church the 500,000
white Protestant boys and girls be-
tween the age of six and twenty
in Kentucky who are not in any
Sunday school? If you don't know
of the great work the State As-
sociation is doing for the Sun-
day school interests of the whole
State, write to E. A. General
Secretary, Louisville, Ky.

OUR NEIGHBORS.

Capt. C. C. Calhoun has been ad-
vised that the claims of the Ken-
tucky soldiers in the Spanish-
American War have been allowed
by the War Department.

Alvin D. Burns, of Grayson, and
Miss Jean Boyce, of Ironton, were
married last week. Mr. Burns was
a victim of an accident on the E.
K. Railway which resulted in the
loss of a foot. The amputation was
performed in the Good Samaritan
Hospital at Cincinnati in Decem-
ber, 1900, and Miss Boyce was a
trained nurse assigned to duty on
his case. The marriage is the re-
sult of the acquaintance formed
there.

sociation of the United States,
which adjourned Wednesday night
at Cincinnati, announced a general
advance in the prices of hardwood
lumber. The list embraces walnut,
cherry, red and white oak,
basswood, chestnut and ash.

Poplar lumber was increased \$2
per 1000 feet on two-inch and thin-
ner; \$5 on Nos. 1 and 2 stock, thick-
er than two inches; \$1 on saps and
No. 1 common, and \$5 on three and
four inch stuff.

The committee will meet again
at Chicago Sept. 3. The Cincinnati
stock of lumber is said to be 30-
000,000 feet short of one year ago.
